## CO2RE LASER

CO2 Laser Resurfacing is the gold standard treatment for reversing the signs of ageing skin and improving facial acne scars. The laser selectively removes layers of the skin, resulting in skin regenerating to be smoother, more even and tighter. Deeper treatments cause collagen development resulting in plumper and stronger skin.

Laser Resurfacing                          from £1800  
Laser Peel                                  from £900  
Eye Rejuvenation                        from £300  
Lip and mouth Rejuvenation            from £600

Dr Ravichandran finds that combining PRP treatments with laser resurfacing improves recovery time and enhances results.
